

MOURI TECH®

Engineering Smarter Products with Siemens NX

MOURI Tech sees CAD not as a drafting activity, but as the trusted digital foundation of the product itself. Working in close cooperation with Siemens, we help customers move from using NX as a modelling tool to engineering within a fully connected Siemens ecosystem - where every model built today becomes the digital twin of tomorrow.

Business Scenario

Engineering Smarter Products with Siemens NX

Business Challenge

- Manual NX Modelling
- Underutilized NX Features
- Inconsistent Standards
- Legacy CAD Migration
- Manufacturing Delays
- Limited Digital Traceability

Business Outcomes

- Accelerated Engineering
- Higher Siemens ROI
- Better Design Quality
- Connected Digital Thread
- Reduced Engineering Rework
- Scalable Design Support

Our Solution

- ✓ Siemens NX Design
- ✓ Design Automation
- ✓ Teamcenter Integration
- ✓ AI Engineering Agents
- ✓ MBD & PMI
- ✓ Digital Thread Enablement

Connected across the Enterprise
